German Raiders Set Huge Fires in Assault on Dover

TARGET FOR BLITZKRIEG

The Associated Press map of England shows the targets of the German air force in the assault on Britain. The map shows the English Channel and the French coast, with various cities and towns marked. The map is a detailed representation of the British Isles and the surrounding waters.

The German high command claims to have carried out damaging raids against the airport at Plymouth in the southwest. The British navy claims to have sunk a German submarine in the English Channel.

U.S. FRIENDLESS IF BRITISH GO, KNOX DECLARES

"Most Serious Crisis" Makes Draft Vital to Safety, Secretary Warns.

WASHINGTON, Aug. 14—Secretary Knox urged the house military committee today to approve compulsory military training legislation because if England should be defeated we will be left without a friend in the world.

In the event that England goes down—and I pray to God that it won't happen—we'll be left without a friend in the world.

However, Knox said in event of a British defeat there would not be an immediate attack on the United States but rather a German effort to calm our fears and to interrupt preparedness measures we are taking.

Knox recalled that on July 2 he had said a 300,000 man army would be adequate with a two-ocean navy.

That was said before the collapse of France he added. We may have said about a land force then does it apply?

He testified that even if we went confronted with imminent danger the principle underlying this legislation is sound.

Faced with a very grave crisis he declared we must supply trained men if we are going to use these instruments we are buying at such a great cost.

Ten hold cards thus far non-committal were reported today to hold the fate of opposition of force to compel a substantial modification of the Burke-Wads worth compulsory military training bill.

The show down will come on the compromise proposal of Senator Maloney (D Conn.) to defer consideration until it was proven that voluntary enlistments could not produce necessary army manpower by Jan. 1.

Landon Declares "Machine" Votes Aid Roosevelt

By The Associated Press

COLORADO SPRINGS, Aug. 14—Wendell L. Willkie nodded agreement as Alf Landon 1936 Republican presidential nominee told a press conference yesterday President Roosevelt's re-election depends to a great extent upon how many fraudulent votes can be cast by the Kelly Nash machine in Chicago.

I believe it is the policy of the administration to rely on these machines to cast as many fraudulent votes as possible.

Willkie said he agreed thoroughly. Landon was his guest. Willkie scolded down today to complete the acceptance address he will deliver Saturday in his home town Elwood Ind.

Although the address virtually was finished his night, Willkie said he wanted to make a few modifications before sending it to the printer.

A major section of the speech is expected to deal with military conscription. While rumors have circulated here that the nominee favors the idea there has been no word from Willkie.

The Republican nominee after talking with Landon told his press conference that approximately \$640,000 collected by the Democratic national committee for advertising in campaign books should be returned to corporations.

Unless the money is returned at once Willkie added in a statement corporations should demand recovery of the money and bring suit to get it if it is not repaid.

I will keep after this thing until they pay back this money, Willkie asserted. The collections this year were not only a violation of the Hatch law but previous collections have been a direct violation of the corrupt practices act.

It is one of the most sinister things that could happen. That it should not be done is just a matter of plain common honesty.

NAZIS SAY RAF DRIVEN OUT OF CHANNEL SKY

Germans Renew Furious Assaults on Strategic Points; Claim Defense Weak

BULLETIN
By The Associated Press
LONDON, Aug. 14—British bombers attacked the Junkers aircraft factories at Dessau and Bernburg north of Leipzig and munition factories at Lutzen and Grevenbroich last night the air ministry announced tonight.

Fourteen airmen in Germany, Belgium, Holland and France were also bombed the communiqué said.

At 6 p. m. (11 a. m. Marion time) said DNB, the official German news agency the raiders still were going over in droves from German, Dutch and Belgian bases and had started huge fires at Dover.

DNB declared that 25 British planes and five German planes had been destroyed in the intensive fighting over the channel and coastal area and that British planes had fallen like flaming torches into the sea.

Nine barrage balloons were also shot down DNB said.

Military sources declaring British planes have been "swept from the air" over the channel said they expected the British air force again would be unable to prevent the German raiders from carrying out their new tactics.

The high command reported 132 British planes were destroyed in yesterday's general combats but admitted the British navy still was to be encountered in the North Sea.

A submarine chaser flotilla ran into a flotilla of British destroyers there yesterday the German command reported and forced it to retreat into the fog after a short skirmish.

U-Boat Active
German submarines continued their tasks unhampered this morning a communiqué said reporting the return of one U-boat which had sunk 41,811 tons of shipping including a 11,400 ton auxiliary cruiser.

ENGLISH STRIKE AT ITALIAN FACTORIES; THREATEN BERLIN

By The Associated Press

Signs of a fast-approaching "zero hour" for Germany's threatened invasion of England mounted ominously today even as Nazi bombers attacking in great waves, spurred the four-day old Blitzkrieg to new heights of fury.

These danger signals for Britain were noted:
1 Six Nazi mine-sweeping trawlers were discovered by British destroyers somewhere in the North Sea—obviously engaged in clearing the waters for a possible crossing of troop transports.

2 Increasing numbers of German marked parachutes were found in England's industrial midlands—17 at an early count—and the ministry of home security appealed to the public to report urgently any information about the landing of parachute troops who might seek to paralyze the area's factories.

3 Public dancing again was barred in Germany as it was during the Nazi Blitzkrieg against Poland and during the offensive against Holland, Belgium and France.

4 German bombers concentrated in fierce huge scale attacks on the area of Dover—channel gateway for a possible land invasion.

British retaliation
Britain replied the war in the air to the onslaught of her Axis enemies today raining death-dealing cargoes of bombs on Italian cities and throwing a 47-minute air raid scare into residents of Berlin.

Paratrooper squadrons of the Royal Air Force whose combat forces at home have sustained the loss of a three-day aerial Blitzkrieg dropped tons of high explosives and incendiary bombs on Milan, Turin and other Fascist cities killing 22 and wounding more than 80 others.

War with its terror now is at your doors said leaflets dropped by night raiders from the island kingdom.

Despite murky weather Nazi war planes attacked Britain's great industrial midlands during the night and returned again early this afternoon for a fierce large-scale attack on the already bomb-scarred south coast.

PAINTERS OUST FOUR FROM UNION AS REDS

A. F. of L. Group Seeks To Weed Out Communists.

By The Associated Press
SANDUSKY, O., Aug. 14—Ejection of four Cleveland delegates with the avowed intention of weeding out Communists brought discord into the conference of the A. F. of L. Ohio State Painters council at nearby Cedar Point today.

Barred from council sessions yesterday on the grounds they are members of the Communist party were Courtney D. Ward, day secretary of the Cleveland District Painters council, Max Gindoff, president of a Cleveland local, Fred Fiala and Harry Lieberman. All denied connections with the party.

Tom Longo of Cleveland, president of the state council, announced the action, asserting "This is just the start of the American Federation of Labor's efforts to weed out Communists from the ranks of organized labor."

Forty-five sandusky delegates voted to elect the four Cleveland representatives after the conference committee announced the action.

C. B. ZUSPAN DIES AT RICHWOOD HOME

Veteran Star Distributor Stricken Suddenly.

Special to The Star
RICHWOOD, Aug. 14—Charles B. Zuspan, 80, of Richwood, veteran distributor of The Star in that community, died suddenly of a heart attack at 1 p. m. today at his home.

He was in uptown Richwood this morning, talking with friends and appeared to be well when he ate at noon, it was reported.

Mr. Zuspan was widely known in southwestern Marion county and throughout Union county.

He took over The Star agency at Richwood in 1913 and developed the territory into one of the largest on the newspaper's subscription list.

He drove daily to Prospect to get his papers, "carried" the route in the business district of Richwood and supervised distribution of the other papers in the residential district by a crew of boys.

Mr. Zuspan came to Marion county from Mason county, W. Va., in 1889 and eight years later moved to Richwood where he operated the Rackett store. He discontinued the store in 1907 and for four years sold insurance, later carrying a rural mail route out of Richwood.

In addition to his work as Star agent, Mr. Zuspan for many years acted as a subscription agent at Richwood.

AGREEMENT REPORTED BY TRUCKERS' UNION

Formal Contracts To Be Submitted to Companies.

T. J. Coleman, business agent of Local No. 532 of the Teamsters and Chauffeurs union, announced today that a verbal agreement was reached yesterday on terms for a proposed contract between the union and Marion trucking companies.

Mr. Coleman said representatives of five companies and spokesmen for the union agreed on terms at a meeting at Hotel Harding and arrangements are being made to draw up formal contracts to submit to the companies and union officials.

Mr. Coleman said he understands 10 truck companies operating in the city are planning to sign the agreement, including the five companies represented at the meeting yesterday.

The agreement, which would run for two years, is the first to be reached on a citywide basis and will affect approximately 75 members of the union.

Mr. Coleman reported. He said the terms agreed upon include stabilization of working hours and hourly wage rates of 35 cents for city drivers and 40 cents for platform workers and helpers.

UNION VOTES TO AID DEFENSE PLANS

Central Body Also Urges More Parking Meters.

Clifford B. Welch, secretary of the Marion Central Labor Union, was elected as a delegate to the annual convention of the Ohio Federation of Labor to be held at Cedar Point next week at a meeting of the central body at the labor headquarters in the Citizens' building last night. Mr. Welch is also a delegate of the Central Labor Union to the annual convention of the Ohio Federation of Labor to be held at Cedar Point next week.

The central body went on record to support the national defense program 100 per cent and offer its cooperation to the Ohio state employment service to map out the most available and effective plan to assist unemployed members to register under their proper classifications. Clarence Gorenflo, Ray Beverly, Walter Miller and Marie Mason were named on a committee to work in conjunction with the officers of the central group to cooperate with the employment service and vocational educational authorities in their present and future training programs.

Local No. 532 of the Teamsters and Chauffeurs Union has signed a citywide agreement with local hauling companies it was reported.

Following a discussion of a report made by the committee on parking meters, the group was instructed to urge the extension of the parking meter plan to include a larger portion of the business district. The plan has "more than warranted its adoption" through the safety and fire prevention features, members asserted during the discussion.

RAF SHOWS POWER IN ITALIAN THRUST

Flexibility May Mean More Than News Indicates.

By DEVON FRANCIS
Associated Press Aviation Editor
NEW YORK, Aug. 14—In the last 24 hours England has demonstrated a flexibility in the use of its air forces which may be good news, more significant than the mere news itself to indicate Germany has launched an offensive against the British empire of air attacks in the history of air warfare.

Yet the royal air force detached from purely defense missions must appear to have been a considerable number of planes for a bombing raid on Italy, proper. Either the British have planes and crews of they have not, engaged in a gesture of contempt for Germany's claim as the victor.

The royal air force, may have a primary purpose in the attacking of morale on the German side, but it is not the British empire's policy to attack the German side. It is now a matter of policy that British planes, by day or night, can attack Germany's industrial and military targets and the possibility of being about the disruption of the Ruhr.

MISS JUNE TAYLOR, a bride-elect of this season, was accompanied with a pair of bridesmaids Mrs. Lowell Williams and Miss Laurel Hanley entertained at the home of the former at 254 Thaw avenue last evening. A decorative theme was carried out with water lilies. An original vase directed Miss Taylor to her gifts hidden in an improvised pool holding water lilies and a vase and favors were miniature water lilies. The table, arranged for refreshments, was centered with the flowers and lily leaves and bridge favors, which were won by Miss Ruth Ellen Mounts and Miss Mary Cae Hogan carried out the party theme.

Guests included Miss Taylor, whose marriage to Stanley C. Strayer Jr., will take place Sept. 1, Mrs. Fred W. Taylor, Mrs. W. F. Spencer, Mrs. Stanley C. Strayer, Miss Betty Strayer, Elizabeth Gray, Margaret Gray, Dorothy Pate, Elmer Epley, Ruth Ellen Mounts and Mary Cae Hogan.

ONE of a series of pre-nuptial showers for Miss Margaret Watson, whose marriage to Walter Watson will take place Friday evening at 7:30 o'clock at the newly furnished home at 847 Sherman road, was the musical luncheon given last evening when Miss Margaret Watson entertained T. W. M. club members at her home on Nelson street. Miss Margaret Watson was a guest.

High honors in bridge were won by Miss Watson, Miss Catherine Watson was crowned. Appointments were in Miss Watson's colors of old rose and white. The dining room table where the gifts were placed was centered with a large doll dressed as a bride. Under the long spreading train of the full-skirted white crepe wedding dress, Miss Watson found her gifts, dressed in a blue box.

Miss Watson and her sister, Miss Jessie Watson, served lunch at a table centered with garden flowers. Places were marked with dolls in rose crepe paper dresses trimmed in blue. Miss Watson's place was marked by a doll dressed as a bride.

Mr. and Mrs. Frank Schneck entertained relatives and friends last evening at their home at 950 Bennett street in celebration of the birthday anniversary of the host. Refreshments were served. Guests included Mr. and Mrs. Paul Schneck and family, Mr. and Mrs. LeRoy Schneck, Mr. and Mrs. Robert Schneck and son, Mr. Edna Marney, Mr. and Mrs. Roy Byrd and Mr. and Mrs. Francis Cline.

Madre Is Cautioned Against Edith, Who May Be in League With Leslie and His Gang.

upon me, and I hoped that my employed calmness and carefully staged air of innocence would be proof against her penetrating gaze.

"I wouldn't know," I said quickly. "Father doesn't give much explanation of his plans you know. He only issues orders. All Lillian and I gathered from his directions was that he feared Leslie might be planning to set fire to the farmhouse in some way."

"How could he?" she demanded. "If he and his gang try to break through the strong cordon of guards your father has set around the farmhouse, they'll have all they can do to get as far as the door, let alone set fire to the place. No, your father must have found out that some of the gang have tunneled their way beneath the cellars and are planning a surprise attack. And—do you know what I think? That Edith Fairfax is in cahoots with Leslie, and is planning to let him into the farmhouse. You ought to have her watched every minute."

"Oh! I am sure Edith never would—I began hurriedly, but my mother-in-law put a sudden stop to my protests.

"When you let your sympathies run away with you, Margaret, you're a perfect idiot," she snapped. "Do you mean to tell me you don't want to have that woman watched?"

CLARIDON TEACHER AND CARDINGTON MAN WED

The marriage of Miss Viola Bennett, daughter of Mr. and Mrs. Wesley Bennett, and George Ruehrmann, son of G. W. Ruehrmann of Cardington, was solemnized Sunday afternoon at 4 o'clock in St. John Lutheran church at Woodliff. The single service was read by the pastor, Rev. Harry Eswine in the presence of the immediate families and close friends.

The bride was given in marriage by her father. She wore a street-length dress in a navy blue shade and a matching hat. Her flowers were a corsage of gardenias.

Mrs. Kenneth Heacock, cousin of the bride, who was her matron of honor, wore a dress in a deep rose shade and her flowers were rosebuds and gerberas. Mr. Heacock served Mr. Ruehrmann as best man.

Mrs. Don Hay, sister of the bridegroom played the wedding music, and preceding the ceremony Robert Heacock sang "O Promise Me." "At Darning," and "Hallelujah, Lord! Their Steps Through Life."

Following the ceremony the bride's parents entertained with a reception. A three-tiered wedding cake decorated with a miniature bride and bridegroom centered the table and appointments were in blue and white. Later the couple left on a wedding trip to Washington, D. C. and other points in the east. Upon their return they will make their home in Cardington.

The bride was graduated from the Cardington High school and attended Capital University School of Education in Columbus, Ohio. He is employed with the Hydraulic Press Manufacturing Co. at Mt. Gilead.

Delaware Boys Rally To Defend Swimming Hole

Special to The Star
DELAWARE, O., Aug. 14.—The Delaware boys who tried to keep a Delaware swimming hole from being built in making them a bad place to swim.

The boys had built a diving board and filled in a "bottom" in the Delaware river swimming hole north of the Tin bridge. They kept the old swimming hole free of debris.

One week-end someone connected a fisherman, tore out the board and scattered the debris over the boy-built bottom.

One of the boys Ralph Long and James Bauman refused to bow to the fisherman. They are cleaning the river bottom and have a diving board.

On their chief summer work will be in finding out who tried to stop them and their keeping a close watch on the river.

STONE LOADING MACHINE UPSET ON HIGHWAY

Special to The Star

DELAWARE, O. Aug. 14.—Traffic on the Delaware Radnor road was halted for nearly two hours Monday night when a stone loading machine driven by Fred Bosh of Radnor overturned in the road. Mr. Bosh leaped from the machine which was built on a tractor just in time to avoid being crushed as it overturned.

A wrecker from Colona was anchored to a stone truck by cables to keep the wrecker from overturning while it was righting the machine. The machine was being moved from the Perry stone quarry south of Radnor to a gravel pit on the Long farm on U. S. Route 23 officials reported.

Marriage License Bureaus Busy As Draft Law Looms

Marion county's marriage license bureau has been experiencing a rushing business lately as has been the case in license bureaus in all other Ohio counties according to The Associated Press.

Although court officials have been reluctant to attribute the tremendous increase to any particular cause, observers report that part of the gain apparently has been due to the military conscription bill now before congress.

So far this month 27 Marion county couples have been granted marriage licenses in probate court here. That is nearly as many as the 30 licenses issued during the entire month of August last year, court records show.

In Cleveland Probate Judge Nelson J. Brewer hosted an American flag above the license bureau to show the outpour of conscription conscious Cleveland couples bound for the altar.

The judge said he hoped Old Glory would stir up a little last minute patriotism among the license applicants. Nevertheless 125 couples had applied for licenses by noon bringing to nearly 1300 the number asking permission to marry in Cleveland since Aug. 1.

Young men who take their best girls hand and rush for a marriage license to become a husband before Uncle Sam can draft them for service have no assurance they won't be called for a year's active training under terms of the Burke-Wadsworth conscription bill now before congress. The Associated Press reported from Washington.

The measure it was pointed out contains no specific exemption for married men.

\$600 FIRE DAMAGES HOUSE NEAR ASHLEY

Special to The Star

DELAWARE, O. Aug. 14.—Damage was estimated at \$600 when fire believed to have started from sparks from a chimney partially destroyed the home of Mr. and Mrs. Elva Feltz of three miles southwest of Ashley early Monday morning. Most of the furniture was carried from the house. The upper part of the story and a half home was destroyed according to Fire Chief A. P. Myers of Ashley. Twenty volunteers carried water from a nearby well to keep the tank on the Ashley fire truck filled.

DEATH ON LAKE ERIE STUDIED

Woman's Disappearance from Ship Probable; Money Gone.

The Associated Press
CLEVELAND, O., Aug. 14.—A bureau of investigation today studied the mysterious death of Mrs. Benjamin J. O'Connell, 33, of N. W. 10th, a 30-year-old woman who was found in Lake Erie today but was identified only after a Great Lakes steamer reported her missing from the lake.

Identified by Brother
The investigation was made by her brother, Frank R. Elliott, of Cleveland, who reported she carried a large amount of cash and a valuable diamond ring.

Mr. Elliott said she was found in the lake after a search of the lake for several hours. She was found in the lake after a search of the lake for several hours.

FULL LOAD OF TROUBLE COMING UP

Junior club members will be taught the mechanics of building powered planes and will be given the opportunity to construct models, with the understanding that actual testing and flying must be done in company with a licensed member of the senior group according to Mr. Haines.

Organizing of both the senior and junior clubs and starting of classes is expected to be completed within several weeks. It is planned that members of the senior club will instruct the plane building classes.

If organization of the senior club can be effected rapidly, the club will sponsor its own model plane flying show before the close of summer.

No money will be involved in joining the groups, since they will be strictly hobby organizations other than the usual expense incurred in constructing model planes.

Tomorrow at 4 at the municipal airport a Sky Chief model cabin plane with a four and a half foot wing spread, built by Mr. Haines.

Test Flight
Showered along by 24 hours of rain, the river rose 20 feet from nightfall to midnight and engulfed the Rio Vista residential section where 200 to 300 persons lived.

Scores fled to nearby hills or clambered to rooftops and into trees before the water's swift invasion.

Said Deputy Sheriff Mike Boatwright: "From what I have seen and heard I am convinced that 15 or 20 persons were drowned."

Highway Patrolman Claude Burdick joined in this fear. "Only bodies found along the debris strewn banks were those of Mrs. Bob Shell, 54-year-old mother of seven, and Fieling Clauson, 64, a farmer."

Mr. and Mrs. Cowan were removed to their home in Mansfield and were under the care of the family physician who said they might be removed to the Crestline hospital this afternoon.

Mr. Stern was brought to the Crestline hospital for treatment and was released. Mr. Holmes was treated at the office of a Mansfield physician.

Head-on Crash
Mansfield state highway patrolmen who investigated were told the accident occurred about 8:15 as the three vehicles approached a slight curve. The officers were told that the Cowan car attempted to pass the truck and crashed head-on with the Stern auto which was westbound.

After the collision the Cowan car careened into the truck, the patrol reported.

After the impacts all three vehicles crashed into deep ditches at the side of the highway and the Cowan car overturned. Passengers were extricated from the wreckage and ambulances from Crestline and Mansfield to remove the most seriously injured to the hospital.

The highway patrolmen reported both autos were demolished and that the truck was badly damaged.

Mr. Stern and his mother had been visiting relatives at Bucyrus and when the accident occurred the group was returning to Bucyrus after visiting friends at Mansfield, members of the family said.

Builders of Engine Powered Model Planes To Form Organization Here

Marion's newest hobby group, builders of gasoline motor-powered model planes, met for the first time last night at the Y. M. C. A.

Fourteen men and boys were at the meeting, called by Earl N. Hale, executive secretary of the Y. M. C. A. and Verlin F. Haines of 631 Miami street, model plane enthusiast.

It was decided to organize under rules of the National Amateur Aviation association and to apply to Washington, D. C. for a charter. The charter will grant members over 18 years of age the right to apply for a license to fly their planes.

To bring together the many boys of Marion and vicinity who are interested in building model planes, tentative plans of the group are to organize a junior club and to conduct classes in plane building at the Y. M. C. A.

Training for Juniors
Junior club members will be taught the mechanics of building powered planes and will be given the opportunity to construct models, with the understanding that actual testing and flying must be done in company with a licensed member of the senior group according to Mr. Haines.

FAMED HAMBLETONIAN RACE BOOKED FOR TODAY

Delaware Man's Horse One of Favorites in Classic.

By The Associated Press
GOSHEN N. Y., Aug. 14.—This is Hambletonian day—the day when upwards of 40,000 free-spenders country and city folk turn the easy-going village of 3,500 into a thriving metropolis.

To most of them it furnishes an opportunity for one day to bask in county fair atmosphere. But to the owners and drivers of nine of the nation's best three-year-old trotters it is the chance to win \$25,077.15, the victor's share of \$43,558.45 in trotting's most famous and richest stake.

15 OR 20 FEARED DEAD IN TENNESSEE FLOOD

River Yields Two Bodies After Sudden Rise
By The Associated Press
ELIZABETHTON, Tenn., Aug. 14.—The swiftly falling Watauga river yielded two bodies today while fear persisted that a score more died in last night's flash flood.

Showered along by 24 hours of rain, the river rose 20 feet from nightfall to midnight and engulfed the Rio Vista residential section where 200 to 300 persons lived.

Scores fled to nearby hills or clambered to rooftops and into trees before the water's swift invasion.

Said Deputy Sheriff Mike Boatwright: "From what I have seen and heard I am convinced that 15 or 20 persons were drowned."

Highway Patrolman Claude Burdick joined in this fear. "Only bodies found along the debris strewn banks were those of Mrs. Bob Shell, 54-year-old mother of seven, and Fieling Clauson, 64, a farmer."

Mr. and Mrs. Cowan were removed to their home in Mansfield and were under the care of the family physician who said they might be removed to the Crestline hospital this afternoon.

Mr. Stern was brought to the Crestline hospital for treatment and was released. Mr. Holmes was treated at the office of a Mansfield physician.

Head-on Crash
Mansfield state highway patrolmen who investigated were told the accident occurred about 8:15 as the three vehicles approached a slight curve. The officers were told that the Cowan car attempted to pass the truck and crashed head-on with the Stern auto which was westbound.

After the collision the Cowan car careened into the truck, the patrol reported.

After the impacts all three vehicles crashed into deep ditches at the side of the highway and the Cowan car overturned. Passengers were extricated from the wreckage and ambulances from Crestline and Mansfield to remove the most seriously injured to the hospital.

The highway patrolmen reported both autos were demolished and that the truck was badly damaged.

Mr. Stern and his mother had been visiting relatives at Bucyrus and when the accident occurred the group was returning to Bucyrus after visiting friends at Mansfield, members of the family said.
